Topic	Discussion	Action/Resolution		
Call to Order		The meeting was called to order at 1000 hours by President Dave Jones		
Approval of Meeting Minutes	The meeting minutes from September 20, 2023 were reviewed.	Motion by: Anthony Tucci Second by: JR Henry To approve the meeting minutes as drafted. Result: Motion carried.		
President's Report	President Dave Jones reported the following: 1. Members of the executive committee recently met with DOH leadership, including recently appointed BEMS director Anthony Martin. The meeting was productive and PEHSC pledged its support of the new director. 2. Retirements – Dr. Ron Roth and Dr. Jean Bail recently announced their respective retirements. The council wishes them well and encourages their continued participation. 3. With the upcoming board elections in March 2024, there are a number of board organizations that will not be eligible for re-election due to term limitations. The council thanks these organizations for their service and looks forward to their continued involvement. 4. With the appointment of Anthony Martin as the new BEMS Director, a replacement is needed for the executive committee. President Jones nominated Keith Laws, from Riddle Hospital to fill the position.	Motion by: Anthony Tucci Seconded by: Barry Albertson To approve the President's appointment of Keith Laws from Riddle Hospital to the executive committee. Result: Motion carried.		

Treasurer's Report	Dr. Ron Roth provided the current treasurer's report (attached).	Motion by: Anthony Tucci Seconded by: Tony Deaven Approve the treasurer's report as presented. Result: Motion carried.
Executive Director's Report	 Executive Director Janette Swade reported the following: Financial - payments from the DOH are once again being received. There are still outstanding payments for both PEHSC and EMSC. We are waiting for a new invoicing workbook from the DOH to submit invoices in the current fiscal years. There are new reporting requirements from DOH, the BEMS has been helpful with navigating the new process. The annual audit report for FY 2022-2023 has been received and forwarded to the DOH. There were no findings contained in the report. There is pending legislation for POLST in both chambers. There is legislation in the Senate in support of the optional county authority model for EMS. There are several recommendations for which the DOH response is still pending. Director Martin commented that BEMS will respond with the next 2 weeks. Staff is working to develop recommended workplan priorities for FY 23-24, which will then be forwarded to the executive committee for review. 	Motion by: Anthony Tucci Seconded by: Gary Vinnecomb To accept the FY2022-2023 audit report. Result: Motion carried.
DOH Report	Director Anthony Martin reported the following: He has been on the job for a week and two days; thank you for all the congratulatory notes and well wishes. 1. The Director provided an overview of his plans for the next few months; he will be doing a lot of listening and getting to know his staff and the DOH structure. 2. He views EMS as an integral part of the healthcare continuum. 3. Moving towards collaboration with all the system partners and other state agencies	

	 Timeline for protocol release – draft completed this week and hopefully will share with MAC on Monday – comments by Dec 18th. Protocols 112 and 201 will revert back to 2021 edition until additional review be completed. He hopes to start a workgroup with key stakeholders to address the questions. Thanks to Dr. Bledsoe for all his hard work on the protocol update. Fireworks money - \$1M for this year and next. Money is designated for tuition for provider certification. Will be meeting with the regional directors to develop a plan to distribute these funds. Any unspent monies will be returned to the general fund. Will work on the reporting process to make it reasonable for the regions and PEHSC
Medical Advisory Committee Report	Dr. Alvin Wang reported the following: The MAC met on November 8th and in special session on December 11th. 1. Both meetings were dedicated to the continued review of the 2023 Statewide Protocol Update. a. The MAC had previously identified several areas of concern within the working draft, which caused the committee to call upon the BEMS to rescind the publication(s). b. The committee worked closely with the DOH and Commonwealth Medical Director to identify and address the areas of concern. c. At the December 11th meeting, the protocols were reviewed with the Commonwealth Medical Director page by page. d. A few corrections were noted, most of which involved formatting, typos and consistency across the protocol document(s). e. PEHSC has requested the BEMS distribute a final draft to the MAC and provide a brief window for final review prior to publication.

	Butch Potter reported the following:
	The task force met on October 25 th .
	Discussed additions to and enhancement
	of the current CCT protocols.
	Recommendations will be presented to
	MAC in January
	2. Reviewed and obtained consensus on
	updates to the CCT approved medication
	list and scope of practice.
	a. Will provide greater flexibility and
	resource utilization for CCT ambulance
	crews when not staffed with a PHRN.
Critical Care	The critical care paramedic/paramedic
Transport TF Report	team is currently being underutilized.
	b. The task force recognizes the import
	role the PHRN plays in CCT transports,
	particularly those involving high acuity
	patients, but also recognizes
	prehospital nursing resources are in
	limited supply in many parts of the
	state.
	c. The overarching goal is to match
	resources with patient acuity and grow
	ground CCT transport resources in
	underserved areas.
	dilucisci ved dieus.
	Duane Spencer reported the following:
	Status on the development of a hospital
	pediatrics readiness program. Reference was
	made to an article that appeared in the Wall
	Street Journal, which suggested that many
	hospital emergency departments are ill-
	equipped to care for seriously ill children.
	2. The pilot phase of the hospital readiness
	program is scheduled for January 2024.
	3. The pilot focus areas are PECC; Patient Safety
EMS for Children	and Family Centered Care; Equipment and
Committee Report	Supplies; Policies and Procedures; Team
·	Competencies; Communications and
	Collaboration; and Quality Improvement
	Programs.
	4. A representative team is reviewing the
	Pediatric Voluntary Recognition Program
	(PVRP) to make necessary updates.
	5. The Family Advisory Network (FAN) is being
	moved to a task force model in support of
	peds readiness and improved family
	engagement.

	Merv Wertz reported the following:	
Education TF Report	Merv Wertz reported the following: The BLS Education Institute Best Practices Workgroup met on October 18 th . 1. Discussed the concept of developing a "best practices" resource guide to support new education institutes and assist existing programs to improve performance and customer satisfaction. a. 	AAP: Don DeReamus and Heather Sharar reported	
	the following:	
	Legislative landscape is a little unusual. The	
	House will not be in session until March.	
	POLST legislation, HB 1212, has been	
	reintroduced from last session.	
	Fiscal Code bill is being voted on today – there	
	are differences in the Medicaid mileage	
	increase between previous legislation and	
	Fiscal Code bill.	
	House is losing a democratic member, so the	
	balance will now be 101 to 101, which creates	
	functionality issues due having no majority	
	party.	
Organizational	Questions continue to surface as to how	
Reports	urban, rural and super rural areas of the	
	commonwealth are established.	
	Act 84 from 2015, regarding balance billing, is	
	being questioned by Cigna Insurance.	
	AAP is monitoring the no-surprise billing issue	
	at the federal level	
	The next AAP board meeting is on Thursday,
